Named GP for all our patients

With effect from 1st April 2015, our contract with NHS England extended the requirement to provide a named accountable GP to all patients, rather than just those over 75.

The contract remains “practice-based”, so overall responsibility for patient care has not changed. The role of the named GP is to take responsibility for the co-ordination of all appropriate services and ensure they are delivered where required (based on the named GP’s clinical judgement) to each of their patients.

Having a “named GP” does not mean that this is the only GP at the Practice who will provide you with care. You do not have to see your named GP you can continue to feel free to choose to see any GP. If you need to be seen urgently this may be with any of the doctors working that day.

If you have a preference for your named GP please let us know and we will make every effort to accommodate this request.

We have been informing patients of their named GP on an opportunistic basis upon contact with the Practice, when appropriate. If you would like to know who your named GP is, please contact the Practice or speak to a receptionist, the next time you visit the Practice.
