

Patient Registration Form for On-line Services

If you wish to, you can now use the internet to book appointments with a GP and request repeat prescriptions for any medications you take regularly. You can still use the telephone or call in to the Practice for any of these services as well. It's your choice.

If you would like to register for this online service please complete the form below and return it to your Practice in person, **along with a valid form of identification, for example photo ID or your passport.** Once you are registered the Practice will give you the information that will enable you to create a username and password.

Important Information – Please read before returning this form

It will be your responsibility to keep your login details and password safe and secure. If you know or suspect that your record has been accessed by someone that you have not agreed should see it, then you should change your password immediately. If you can't do this for some reason, we recommend that you contact the Practice so that they can remove online access until you are able to reset your password.

If you print out any information from your record, it is also your responsibility to keep this secure. If you are at all worried about keeping printed copies safe, we recommend that you do not make copies at all.

Patient details	Please complete in BLOCK CAPITALS																
Patient forename																	
Patient surname																	
Date of birth			/			/											(DD/MM/YYYY)
Email address <i>(this must not be a shared e-mail address)</i>
